Scientific & Educational Partnership between EHS & Sytenko Institute 2023-2025

This document hereby confirms the scientific collaboration between European Hip Society and the Sytenko Institute of Spine and Joint Pathology in all aspects of hip joint preservation surgery, primary and revision total hip arthroplasty, bio materials and new technologies.

For a period of two years, the Sytenko Institute will provide learning opportunities and act as a base for educational activities for European Hip Society members, especially focusing on younger surgeons.

The Sytenko Institute will also offer fellowships for European doctors specializing in hip surgery.
